Own equipment: 2x Pioneer XDJ-700, 2x Vestax PDX-2000, Behringer DDM4000, Pioneer DDJ-FLX6

INTRODUCTION

Tim Techlor, a DJ and producer born in Osnabrück, Germany. His passion for music, which began in early childhood, led him to become a DJ in 1996.

Since that time he has refined his skills and developed his own recognisable style.

In October 2024, Tim Techlor unveiled his latest track, *Burning Flames*, marking a significant milestone in his artistic journey. Following a hiatus from the music scene, he is now more determined than ever to reignite his career and make a lasting impact in the industry.

BIOGRAPHY

He was passionate about music from an early age; it had to be loud, wild and melodic. He experimented with professional music software on his first computer and started making music and DJing.

Inspired by his loving mother and Alois Eilermann, a former promoter and family friend, his journey began in 1996 with his first paid DJ gig. Since then, Tim Techlor has left his mark at prestigious events and clubs.
